We are delighted to announce our 2nd Annual workshop with Michael Chesley Johnson, PSA, at Black Brook Gallery in Goffstown, NH. During the four day workshop, en plein aire if weather allows and in studio if not Michael will again guide us in plein air explorations of the early spring landscape, demonstrating in alternately in both oil and pastel. He'll show us how to capture the essence of the landscape quickly, how to use intuitive color, and how to follow up with as much detail as needed to achieve the degree of realism desired.

Every level of student is welcome, and students may work in oil or pastel or both. Each session will start with a demonstration, followed by plenty of student work and personal help at the easel. Michael's style is relaxed and easy-going, but participants will learn a lot! We'll paint outdoors as much as possible, weather permitting, but in the event of inclement weather, we will work indoors in the spacious studio space at Black Brook Gallery. Bring photos for indoor painting. Also bring a bag lunch for each day Michael is a Signature Member of the Pastel Society of America and a juried member of Oil Painters of America. His award-winning Southwest and DownEast landscapes have appeared in both American Artist and Fine Art Connoisseur (formerly Plein Air Magazine) and can be seen in galleries in Arizona, Colorado, New Mexico, Maine and Canada. He also writes regularly for The Pastel Journal and The Artist's Magazine. Michael is the author of Through a Painter's Brush: A Year on Campobello Island and The Art of Ann Templeton, and he's at work on an art instruction book with Bob Rohm for North Light Books. He currently lives on Campobello Island in New Brunswick, Canada.

Reserve your space early! Space in last year's workshop sold out within just 2 weeks and the workshop was a huge success and exceeded everyone's expectations!
