Class Size: Minimum 6; maximum 12		1 <sup>st</sup> come, 1 <sup>st</sup> served; no refunds possible after July 30	

NHPleinAir Artists is delighted to announce that Michael Chesley Johnson, PSA, will again be coming down from Canada to do a 4<sup>th</sup> Annual workshop for us at Black Brook Gallery in Goffstown, NH.

During the four days Michael will guide us in effectively capturing the Fall landscape, demonstrating – alternately in oil and in pastel - how to quickly capture its essence, use intuitive color, and determine how much detail to add to achieve the desired degree of realism. Every level of student is welcome, and students may work in oil or pastel or both. Each session will begin with a short demonstration which will be followed by student work with plenty of personal attention in Michael’s easy-going style. We will work *en plein air* if weather allows, or in the spacious studio at Black Brook Gallery in the event of inclement weather, so you should bring your own photos to use for indoor work.

Michael is a Signature Member of the Pastel Society of America & a juried member of Oil Painters of America. He writes regularly for The Pastel Journal & The Artist’s Magazine & is the author of several books, including Backpacker Painting: Outdoors with Oil & Pastel. His award-winning Southwest & DownEast landscapes have appeared in both American Artist and Fine Art Connoisseur and can be seen in galleries in Arizona, Colorado, New Mexico, Maine and Canada.

Michael currently resides on Campobello Island in the southeastern Canadian Maritimes.

For more detailed information about Michael and his books (including ordering) , please visit his website: <http://www.MichaelChesleyJohnson.com>.

Reserve your space early! In previous years our workshop with Michael has sold out within just a few days!

Supply lists for oils and pastels are available on Michael’s website

Workshop participants should bring their own bag lunches, snacks, & beverages each day. Coffee & Tea are provided in the morning.

Detach & mail the form below
